26 OCTOBER 2016

Mr Rental returns to Moonah to bolster the economy with rental solutions

Mr Rental has returned to Moonah, determined to provide the community, particularly business owners, a boost through rental solutions.

The company, which for more than 25 years has been a leader in Australia and New Zealand's professional rental industry, has united the store in Derwent Park with the rest of the network.

Mr Rental, which began its operations in Bribie Island, Queensland in 1991, has since flourished with a growing selection of rental options for products across a broad range; electronics, audio visual, furniture, appliances and fitness equipment for home, lifestyle or business.

The store's manager David Cunningham said the Mr Rental brand had built its reputation on a dedicated involvement within local communities and over the next 12 months his team would focus on business engagement and growth.

"We are excited to be back in Moonah and look forward to assisting the community through new jobs available in store, and by offering a number of rental solutions they haven't experienced before," Mr Cunningham said.

"A key focus will be helping businesses, which in turn will assist the local economy. We know what it's like running a business – no matter how big or small you are, your growth all comes down to budget.

"Mr Rental recently introduced MrCorp[®], as a solution for businesses. Items can be rented with weekly payments, which is great for budget management, and businesses can upgrade their product any time to ensure they are operating with the most up to date products.

“The business owners can also talk to their accountant about what tax benefits are available to them when renting equipment.”

Mr Cunningham said the reintroduction of Mr Rental into the Moonah community highlights renting as a viable option for everyone in the community.

“We are looking forward to opening the doors this week with our new team and showing customers how renting is an easy and convenient option for people,” he said.

“Customers don’t need to make huge financial outlays and when renting technology, they can be sure to have the most recent releases. We also offer pathways to ownership, and this includes our solution, MrOwn[®], which is a great reward for renters.”

Other rental options include MrFlex[®], MrFixed[®] and MrShort[®], allowing customers to rent for as little or as long as they like.

Mr Rental Moonah is located at Unit 1/30 Derwent Park Rd, Derwent Park. For more information visit <http://www.mrrental.com.au>.

If you are a customer of the previous store at this location, please contact Mr Rental on 03 6388 8398 to discuss your options.
